No. 85]

NEW DELHI, FRIDAY, JUNE 17, 1960/JAISTHA 27, 1882

### MINISTRY OF COMMERCE AND INDUSTRY

#### PUBLIC NOTICE

#### IMPORT TRADE CONTROL

*New Delhi, the 17th June, 1960*

**SUBJECT.—** *Import of Newsprint by Actual Users—Sale of*

**No. 86-ITC(PN)/60.**—In terms of the current import policy, Actual user licences are granted to the publishers and/or printers of Newspapers and of periodicals for import of Newsprint subject to the condition that the imported Newsprint will be utilised only for consumption as raw materials in the licence holders' factory and that no portion thereof will be sold to or permitted to be utilised by any other party.

2. It has been represented that according to the above condition the Newspapers cannot dispose of waste newsprint including reel ends of Newsprint to the Wastepaper Contractors in the normal way as such sales would be construed as a violation of this condition. The matter has been considered and it has been decided to permit Actual Users of Newsprint to dispose of the normal quantities of waste newsprint including reel ends of newsprint without obtaining the specific permission of the licensing authority, provided they furnish a monthly statement showing the quantities of Newsprint imported against particular licences, the quantities of waste newsprint including reel ends of newsprint sold in the normal way and the names of the parties to whom the goods have been sold, to the C.C.I.&E., New Delhi. The C.C.I.&E. for the time being does not propose to stipulate what the normal quantities will be, but may fix ceilings later

NAGENDRA BAHADUR, Jt. Secy.
